External Features

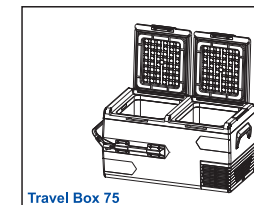

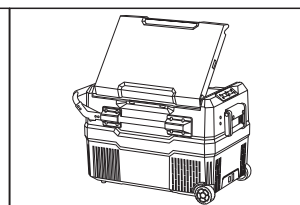

The TB20, TB35, TB45, TB60 & TB75 are all fitted with a reversible lid, which allows the lid to be removed and re-attached to the opposite side.

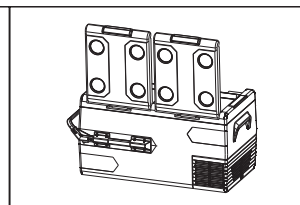

Travel Box 20

Travel Box 45

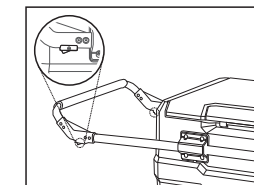

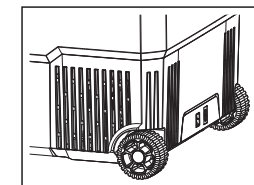

Travel Box 75

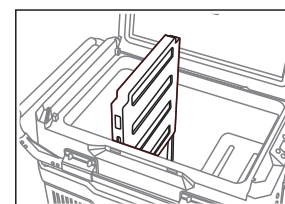

Mobility Features

For ease of transport the TB45, TB60 and TB75 are fitted with two rear wheels and an extendable handle. Depending on your application, these features can be removed should they not be required.

Internal Features

Removable Divider

The TB45 and TB60 Dual Control models are fitted with a removable divider.

This feature allows the refrigerator to be switched from a Dual Compartment to a Single Compartment fridge with independent temperature control.

Reversible Lid

Low Voltage Cut-out

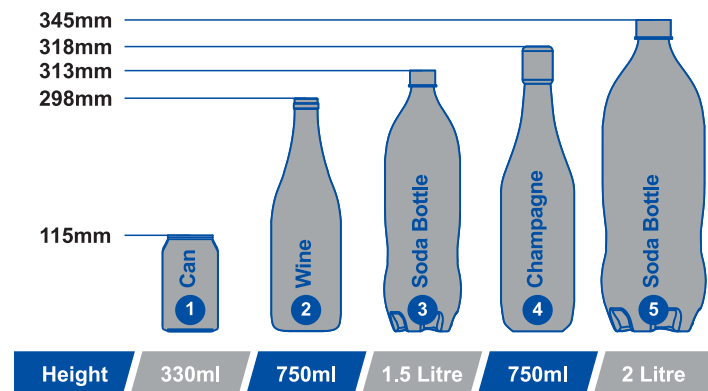

To prevent excessive discharge to your battery, all fridges have a low voltage cut-out.

Compressor

All models are fitted with compressors that will operate at 12Vdc and 24Vdc as well as up to a 35° angle.

Capacity Guide

The five icons shown below are listed under each fridge model, indicating which bottles are best suited for that fridge's capacity.

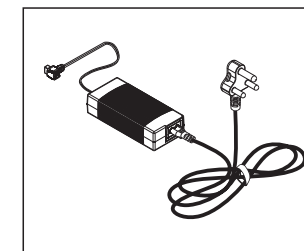

ACCESSORIES

Protection Cover

The TB20, TB35, TB45, TB60 & TB75 fridges are supplied with a protection cover for general use. This cover will protect the fridge from scratches and keep harmful African ultra-violet sunlight from damaging the plastic exterior and components of the fridge.

AC Power Supply

The TB20, TB35, TB45, TB60 & TB75 fridges are supplied standard with an external AC power supply which allows the refrigerator to operate from 100-240Vac input.

This is an optional feature on the TB15 & TB18.

FSP-51007

National Luna has its manufacturing facility based in Edenvale, Johannesburg, South Africa. The company was formed in 1987 and has been supplying specialised 12 Volt battery operated products.

Due to ongoing demand for smaller mobile refrigerators, a compact and cost-effective range of mini-fridges has been developed to suit all recreational requirements.

Fridge Applications:

- Caravans
- General camping
- Mobile camper vans
- Medical Cold Chain Transportation
- Trucks
- Sedan Vehicles
- Yachting and boating

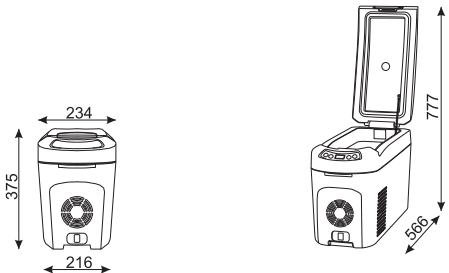

NATIONAL LUNA is the importer and distributor for the full range of products in South Africa and offers a 3 year warranty and nationwide back-up service.

The **TB15** has been designed to fit between the seats of a motor vehicle. Alternatively, it can be placed on the backseat of a motor vehicle or in the rear of the vehicle where a cigar lighter plug is available. This fridge is supplied standard with a carry strap.
